

Course Modification Approval Form

Local Organizing Committees (LOC's) may not modify core slides, but may add or delete slides to the course to improve local applicability. All additions or deletions must be submitted to the Joint Entity for approval at least four (4) weeks prior to the course. A review committee, composed of members of the Joint Committee, will review all requests. All approved and modified slides must be presented as auxiliary slides, thereby clearly indicating that the slide is not an original slide. This template is available on www.osteoporosis-essentials.org/course-material.

Please complete this document and submit all modified lectures to the course administrator*. The modified lectures should include all newly added slides on the auxiliary template and the deleted core slides marked with an H (=hidden) in the right hand corner. The committee will make every effort to give approval to modifications within 1 week.

DETAILS

LOC Name _____
Venue _____
Date _____

The LOC outlined above hereby declares that all approved modified material will be presented on the auxiliary slide template to clearly indicate that the slide is not an original course slide.
